For the information of those present, unless otherwise specified all items to be approved by the Voting Members are by way of ordinary resolution, which requires at least 50% of the Voting Members present in person or by proxy, voting in favour. Only those members who are in good standing and present at the meeting or have submitted a proxy (meeting all established requirements) are eligible to vote. All votes will be conducted in the first instance by a show of voting cards or otherwise as the Chairman may direct. A poll may be demanded by the Chairman or by 10% of the Voting Members present. Polls shall be taken in such a manner as the Chairman may direct.

We would also like to encourage participation from the membership through the course of the meeting. Any resident present may act as the mover or seconder for the motions on the agenda. If you would like to do so, please stand at the appropriate time and, when recognized by the chair, confirm your intention (by stating "I so move" or "I second the motion") and provide your name for recording in our minutes.

As well, there will be an opportunity for any member to raise questions related to each piece of business raised at this meeting as each item is proposed. A microphone has been placed in the aisle and we would request that, for the benefit of all present that all questions be presented from that location. We will limit each resident to a single question until all residents who wish to speak on a matter have received an opportunity.

At the conclusion of this AGM there will be an opportunity for Members to ask any other questions of interest to them. The same guidance as provided previously will continue to apply.

I'd like to make special note that it is not our intention, nor has an agenda item been created for discussion surrounding the Plaza Project. Rather, questions can be brought forward to my attention via email and will be addressed after the meeting. The Plaza Project has currently been suspended.
